

GRIZZLIES AT HOME

KEEPING IN TOUCH WITH OUR CUBS

TUESDAY, APRIL 21ST

Check out the link in email to see a "Miss You" video from Gilchrist staff members!

Celebrate Earth Day on a nature walk!

Governor DeSantis has ordered that all Florida K-12 schools will continue distance learning through the end of this school year. Although, we miss our Grizzlies tremendously, the safety of our students and their families are our number one priority. We will continue the great adventure of distance learning together!

In honor of planet Earth, make something out of recyclables today! You could use an old cereal box to make a bookmark, or newspaper to draw a self portrait!

Snap a pic and share what you're learning at home using #gesgrizzliesathome.
