

GRIZZLIES AT HOME

KEEPING IN TOUCH WITH OUR CUBS

TUESDAY, MAY 12TH

PARENT INPUT

for 2020-2021

Please fill out form attached to email give input for next school year.

EDUCATIONAL RESOURCES

Visit www.youngmeteorologist.org to play weather games.

Head outside and make a cool cloud viewer to identify what's in the sky!

Can you race a water drop?
Try it with your family.

Water Drop Racer Engineering Challenge

Can your group create a wax paper track that gets your water drop from one end to the other in the fastest time?

Created by Smart Chick Teaching Resources

Pull out some wax paper on a slight ramp, grab an eye dropper, make a hypothesis, and experiment!

Use scrap paper from around your house to make your own kite art. Decide where you would fly to if you were a kite!

Snap a pic and share what you're learning at home using **#gesgrizzliesathome**.
