

AP Statistics
Leon High School
Mr. Darrin Minns
Lesson Plan for 3/30 to 4/14

We will be using the Worked Example Videos from the book and Progress Checks from AP Classroom to begin our review for AP Statistics. The schedule of assignments is below. Please note that the assessments will be Progress Checks. You are allowed to use your book and notes to complete the Progress Checks. However, they are your individual work and should not be someone else's work.

Link for Worked Example Videos

The videos are on our books webpage. After clicking or typing the link, choose Worked EXAMPLE Videos (NOT EXERCISE). The page numbers given may not match up exactly with our textbook but all videos still need to be watched.
