

CULTURE CLUB MEMBERSHIP

I, (student name) _____ am requesting membership to Leon High School's Culture Club. I understand the following:

Purpose

In this club (Culture Club) we are going to spread awareness about the diversity of Leon's population and help people discover and learn about new cultures by cooking, dancing, designing, working together, and working with other clubs. We want this club to be a place where people can freely learn and ask questions to expand their knowledge of cultures and traditions without judgment.

Goal

Our goal for this club is to help students expand their knowledge about different cultures and traditions from around the world by participating in group activities like cooking, dancing, language sharing, and more. We would like this club to eventually collaborate with other clubs & groups to increase awareness of the diverse populations at Leon High School, and to provide community service through tutoring for students from other countries that are learning English as a Second Language.
