Student Instructions for logging into Classlink at home.

Open the Killearn Lakes main website and click on the blue cloud located at the top right corner.

Click on the green bar that states: Login with Username & Password. You will now be required to enter your student ID and password.   At school this is just your 171xxxxxx, however, to login in from home you need the email address which is: 171xxxxxx@edu.leonschools.net and your lunch number password.

From here you will be able to access all of your textbooks and some student apps... (not all of them will work- depending on grade)
