## PRINCIPAL'S CORNER

Dear SAIL Community, One quarter down, and three more to go.. Overall, we've had a great start to a wonderful school year. We've accomplished so many innovative and fun learning experiences so far. Thank you, parents, for helping support your child's progress and for your contributions to our school projects and programs. Our students have done a great job of spreading kindness and upholding our respect guidelines. The second nine weeks is full of events and holiday cheer. See the sidebar calendar.

We continue to work toward our math and ELA goals by exploring new content and engaging students in critical thinking, problem-solving, and collaboration in core academics, electives, and art courses. Our school improvement efforts also include promoting literacy, wellness, cultural diversity, green initiatives, college & career, and STEAM. We are dedicated to empowering students to overcome adversity when facing academic, social, and emotional challenges.

Please don't hesitate to contact the school if you have questions, comments, concerns, or ideas. We strive to build stronger relationships with our parents and community partners.

Sincerely,  
Tiffany Williams

Safety and security is our school's number one priority. We strive to maintain an environment that is safe, caring, and respectful. The Florida Senate Bill 7026, or the Marjory Stoneman Douglas High School Public Safety Act, is a Florida bill intended to tighten gun control, school security, and school safety. This act has prompted a number of new school safety measures across our district. Here are a few safety measures SAIL has established this school year:

- Security Monitor and School Resource Deputy on campus
- Locked classrooms and gates
- Monthly fire and lockdown drills, identifying safe corners
- Staff on supervision duty before school, during lunch, and after school
- All visitors must sign in through the front office with an ID
- More cameras have been added to eliminate blind spots around campus
- New! Fortify Florida App for parents and students. Rave panic button for employees
- Next Steps: looking forward to inter-fencing the campus

Mental health has become a major focus in our schools and community in recent years. In response to this new focus, all Leon County students will complete a five-hour mental health curriculum through family groups/3rd period classes this school year. The school counselor, mental health counselor, behavioral therapist, and social worker are available for questions and community referrals.
