What is IB?

The International Baccalaureate (IB) strives to develop students who will build a better world through international understanding and respect.

The IB’s programmes:

- encourage students of all ages to think critically and challenge assumptions
- encourage students of all ages to consider both local and global contexts
- develop multilingual students.

What is the PYP?

The Primary Years Program (PYP) provides a curriculum framework of 5 Essential Elements:

- **Knowledge**: content in math, language, social studies, science and the arts
- **Concepts**: important ideas that have universal significance regardless of time or place within and across disciplines. Concepts are presented in the forms of questions that drive the inquiry.
- **Skills**: specific capabilities in thinking, social interactions, communication, self-management, and research
- **Attitudes**: dispositions, values, beliefs and feelings towards learning
- **Action**: making changes to and in the world
