## 2<sup>nd</sup> Grade Character Education

This week we focused on the characteristics of being a good friend. Our goal was to treat others with our heart and not our hurts.

## This Week's Focus

Dear Parents,

After spring break, we will begin our unit on Maps and Globes. To kickstart the excitement of that unit, your child will bring home a Flat Stanley project. This project is **OPTIONAL** and will count towards extra credit in Social Studies. In case you do not know, Flat Stanley is a fictional character whom was flattened as a pancake and had to be mailed to different locations. Your child will mail Flat Stanley to someone he/she knows. That relative or family friend will take pictures of Flat Stanley visiting various places in that town. In class, we will locate his location and map it from Tallahassee! The children LOVE getting to see Flat Stanley's adventures! Please remember, this is an optional project.

Let's have a great week!
