Good afternoon,

The students worked hard and felt great about their FSA ELA Assessment. They are very proud of their progress! We are almost finished with our Gumbo Limbo novel. The students are enjoying the plant related activities we worked on this week. We also began Go Math Chap. 10 - Time, Length, Liquid Volume, and Mass.

FSA Snacks: Thanks to Eli's, Claire's, Sam's, Leighton's, Mickey's, Wilder's, Madison's, Blake's, Bennett's, and Kaleb's families for sending in mozzarella sticks, apples slices, and Little Bites. We had plenty and then some! We even have some left to enjoy next week. I will create another Sign-Up Genius for FSA Math snacks soon. I will again let the students generate ideas and vote for what they would like. The students really appreciated the snacks. Thank for your support!
