Good afternoon,

Another super week! Our class wrapped up our plant unit and completed the test. The students had fun watching their beans germinate. They planted the seeds and took them home. We have been learning about elapsed time. This is not an easy concept for many students, but they have worked hard and are really understanding the process. In reading/writing we are working on how to analyze a selection to decide what information would be included in a summary.

FSA Math Snacks:

The student voted for Mozzarella cheese sticks, apple slices and granola bars. I will get a Sign-Up Genius together and email the link sometime this weekend.

Tennis Field Trip 4/21/22, 9:30-12:30

The students need to wear their school shirt (Maroon) and appropriate shoes for the tennis clinic. Please remind your child that they need to be silent while watching the tennis match.

If you are planning on meeting us there, please make sure that you have filled out the volunteer form. It is necessary for all chaperones. <https://volunteers.leonschools.net/>
