Good afternoon,

Wow, the week went by so quickly! It is hard to believe next week we will be wrapping up the first nine weeks. The students are so proud of themselves with the development of their organizational skills and growing problem-solving abilities.

Watching the lightbulbs come on when we are working on a challenging concept is why teaching is such a cool profession! I absolutely love the enthusiasm and perseverance of this class.

Snack: Our class enjoys a *working snack*. Please send in a healthy snack that is easy to eat for your child to enjoy at 11:00.

Thanks to Adalyn's and Serenity's family for sending in "Emergency Snack". If your child has benefited from emergency snack, please consider sending in something to help another student when they are in need.

Rock Your School - 10/13/23

We will be ROCKING OUT. We still need some pretzel Rods and Pop Rocks. I try to split the items in half to provide opportunities for everyone to be able to contribute, but I cannot just give half the class Pop Rocks and the other half drumsticks. If you would like provide something for our Rocking Day please check out the Sign-Up Genius.

A.R. Celebration - 10/13/23

Our class is looking forward to our A.R. Celebration. We are planning to enjoy a movie. The students who have made their A.R. Goal may bring in a towel, their favorite movie treat, and a water bottle. I will provide the popcorn. The students who do not make their A.R. Goal will go to the A.R. Reading Room to get a head start on their A.R. Goal for the second nine weeks.

Conferences: Thanks to the families that have been able to sign up for a conference. If you have not had a chance yet, please look over the Sign-Up Genius conference slots. Remember, if you cannot get to school, we can set up a phone or Zoom conference. Thanks! <https://www.signupgenius.com/go/20F0845ABAF28AA8-44888777-mrs>

Multiplication facts: Beginning the second nine weeks, our class will be working on learning multiplications facts. While we will spend a few minutes each day reviewing facts, the students will really need to study at home daily. The students can study anywhere! Some students have told me they already have flash cards. If your child does not have flash cards, they can make them using index cards. We will start with 0's and 1's, then 2's and 4's, 5's and 10's, 3's and 6's, and finally, 7's, 8's, and 9's. The "Big Mix" is just around the corner!

Important Dates

10/13/23: Rock Your School	10/27/23: Fall Festival
10/13/23: End of the first nine weeks	11/3/23: Boosterthon Fun Run!
