

# CONTRACT FOR PARTICIPATION IN THE DIGITAL MEDIA COURSE

---

## STUDENT SECTION

I \_\_\_\_\_ (print student's name) will work with the best of my ability to help build the Digital Media program at Chiles High School. At all times while representing our school, I will act responsibly and professionally. I will ask permission to leave the classroom to work on a project. I will not disturb other classrooms while I am working. I understand that this is a unique class and my success and/or failure in this program will, therefore, determine the outcome of the program. I understand that I am working with expensive equipment. I will treat the equipment with extreme care (less repairs=more money=more equipment). I also understand that I may be responsible for any damage to the equipment.

Concerning all work/files viewed and/or produced within this classroom in your network folder, on your computer, camcorder hard drives, flash drives or on your DVD's: There should be **NO...**

- 1. Sexual Content**
- 2. Violence of any type**
- 3. Vague references to Drugs and/or Alcohol**
- 4. Downloading, saving, playing, and using non-approved software, music, or games**
- 5. Demeaning references to Lawton Chiles High School including anyone/anything associated with Lawton Chiles High School.**

Any violation of these rules will result in a referral and an automatic **"zero"** for the assignment. Any additional offenses may result with your computer privileges being revoked and possible removal from the class. Files and/or work found in your network folder or on your computer that violate these rules, as stated above, will also result in a referral and possible computer privileges being revoked even if these files are not for an assignment or turned in for a grade.

My signature below signifies that I fully understand and agree to these terms.

## PARENT SECTION

Your student is enrolled in the Digital Media course at Chiles High School. This course involves the student using and checking out expensive equipment. The student will also be responsible for some location shoots after school to supplement the course.

I understand that \_\_\_\_\_ (student's name) is responsible for any damage, or loss of the equipment, while in his/her possession. Furthermore, my student is allowed to participate in the taping of after-school activities within the district. I also will arrange for transportation to and from these district events.

**PARENT SIGNATURE** \_\_\_\_\_

**DATE** \_\_\_\_\_

Parents, if you have any questions please feel free to e-mail me!
