PRINCIPAL & ASST. PRINCIPAL REPORTS

MATT AND JESSICA

DISCUSSION	<p>Matt was unable to attend the meeting as he was visiting Godby High School to look at their surplus aquaponics equipment.</p> <p>Jessica expressed thanks from all for the recent Teacher Appreciation Week food. She and Matt wrote cards to every individual teacher or staff member, thanking them for all their hard work, love and dedication, especially during the pandemic.</p> <p>The Senior Promenade went very well. SAIL is thankful for students who supported and encouraged each other, applauding each winner for their awards. Everyone practiced social distancing and wore masks.</p> <p>Planning for the Senior Picnic continues - talking to other schools on using food trucks. Food trucks vendors must be registered with LCS and have a written PTSA. Students would be given a \$10.00 voucher or meal ticket to the vendor of their choice. The vendor would bill SAIL directly, based on the number of meals.</p> <p>Enrollment numbers for 2021-2022 are looking good, aiming for around 95 students per grade level. There is a waiting list of applicants. Some vacancies for 10th and 11th grade (recruiting is still ongoing). Curriculum Night is scheduled for May 18 at 6:00 pm, would like PTSO to attend, speak briefly on all the opportunities for family involvement and supporting SAIL. SAIL staff will describe the electives for SAIL students (special projects, AP, dual-enrollment, certification, juggling) and which graduation requirement each one fulfills.</p> <p>Matt and Jessica have been using a program/technique called Strength Finder, which is used when you take a program currently in place and maximize it to improve outcomes. In this case, it's improving SAIL's ability to meet student needs. SAIL wants to combine the supply pantry, backpack program, food pantry and the Treasure Trove into a one-stop shop for all these needs. Sierra, Rosa, Susanna and Stormy are working on this project, need a group to take ownership of it.</p> <p>Jessica provided an update on the CNA program. SAIL appreciates all the donated supplies from Lisa and others, will be looking for donations of equipment, funding. Rosa will coordinate the supply drive. The hospital beds have been delivered to the classroom and plans are coming to fruition. A diverse population of clinic patients has been ordered (different genders, etc) so students can gain real-world experience. Excited that a cohort group of 21 students will start in August!</p>
-------------------	--

	<p>The aquaponics program is underway. LCS has notified SAIL that, due to liability issues, greenhouse construction must be completed by a LCS contractor. Jodi congratulated Jessica and Matt on their efforts for these programs, especially their perseverance and energy. Suggested a wish list for supplies be released on List Serve. Lorena would be happy to either head up the project or assist as needed. Items ordered on Amazon can be delivered directly to SAIL campus.</p> <p>The Spring Ice Social will be combined with the Medallion Awards on May 21. PTSO will be needed to distribute the treats. Not sure about an end-of-the-year luncheon, teachers and staff are exhausted and may opt to work from home.</p>
