1 Open any internet browser and visit https://launchpad.classlink.com/leonschools

2 Click the Login with Username & Password Button

3 Click the EdTech Dashboard Application. If you do not have the EdTech Dashboard, send an email to helpdesk@leonschools.net or call 487.7524

4 Scroll through the list of applications or search for a specific application to assign.

5 Click the group icon in the assign column next to your desired application.

6 Click Add next to all of the AD groups that should have the application. The users in those AD groups will automatically receive the apps.

7 Close the EdTech Dashboard. Your groups now have their applications.
