

# Evaluating Web Site Accessibility

In this activity, you will evaluate the accessibility of your school's Web site. Follow the directions and submit your results to your teacher.

1. Visit the [Cynthia Says](http://www.cynthiasays.com) portal at [www.cynthiasays.com](http://www.cynthiasays.com).
2. Enter the address for your school or business Web site to evaluate the Web page for accessibility issues.
3. Choose a compliance mode (**Section 508** or **WCAG**).
4. Select the **Terms & Conditions** check box and then click the **Test Your Site** button.
5. Describe the results. If accessibility issues were found, write a list of suggested solutions.
6. Enter the Web addresses of two of your favorite Web sites. Test these sites for accessibility.
7. Describe the results for each Web site.
