

Evaluating Web Tools

In this activity, you will explore HTML text editors, GUI Web editors, online site builders and CMSs. Two examples of each of these tools were presented in this lesson. These examples are listed in the table below. Locate information about the two examples of each type of tool. Then complete the steps that follow.

Type of Web Tool	Examples
HTML text editor	Notepad Notepad ++
GUI Web editor	Adobe Dreamweaver Kompozer
Online site builder	Weebly Wix
CMS (content management system)	Drupal WordPress

1. Create a list of advantages and disadvantages for each tool listed in the Examples column of the table.
2. Write a paragraph explaining why you would or would not use each tool. Indicate which tool you liked best.
