

Africa Postcard Project

Directions:

Research your assigned kingdom (Ghana, Songhai, or Mali) & create a colorful postcard encouraging someone to visit your land. Include the following:

Front-

Title & 5 historical images: Images must be symbolic of the kingdom from ancient times. In other words do not use a current flag for the countries today. They did not have those back then. Stay between the years 800- 1500 to be safe.

Back- -

Description of the front: (like what you would see on a real postcard). This should explain the historical meaning of the pictures you have on the front.

-Letter: Be sure to include a reference to the time period (date), where you region is located, why your kingdom is famous, and any interesting facts about your land.

- To:/From: Make it up! Make it sound like a real address. We aren't really mailing them so it doesn't matter.

- Stamp: Draw a stamp. No need for a real one.
