

Directions on How to Save Digital Packets
through taking picture on an Iphone

1. Complete Packet either by Printed Version or by writing answers on notebook paper (make sure answers are labeled correctly)
2. Go to Notes on your Iphone
3. Click on the camera button that pops up:

- 4.
5. Next hit Scan Documents and it will allow you to take multiple pictures and save into one file:

- 6.
7. Once all photos of the packet have been taken and saved in a file. Send that File to your teacher Marked clearly with your Name and Title of the packet.
