8600 - TRANSPORTATION

Students living more than two (2) miles from their home school will be eligible for District provided bus transportation.
Students who attend school out of their home school zone may not be eligible for District provided transportation.
Students shall board the bus at the nearest designated stop and will not enter or leave the bus at any other designated stop, except upon approval of the principal or site administrator.
Transportation shall be provided to students who have a current Individual Education Plan with transportation listed as a related service.
Students living within two (2) miles of school may be provided District bus transportation under the following conditions:
A. Temporarily disabled students upon request and verification of disability and length of time of disability including those students that meet criteria for the 504 plan.
B. Students in kindergarten through sixth grade who must walk through an area that meets the State criteria for hazardous walking conditions or area designated by the Board.

Exceptions to this policy may be granted by the Superintendent upon review of the recommendation of the Transportation Sub-Committee on Hazardous Walking Conditions. A student may appeal the Superintendent's decision to the Board. Such appeals shall be submitted in writing to the Superintendent within ten (10) working days for placement on the Board agenda.

Students eligible for special needs (ESE) transportation who are beyond the accessibility of school bus transportation shall be provided isolated transportation by payment to the parent of an amount established by the Board. Payment of the amount established will be based upon the date of the application or the date the service began, whichever occurred first during the current attendance reporting period.
Parents of students who become or are determined to be non-eligible for school bus transportation shall be notified in writing. The student will be allowed to ride the bus for a minimum of three (3) additional days depending on the circumstances of the non-eligibility. If the student was riding the school bus illegally, removal from the bus will be immediate.

Bus routes shall be established consistent with State statutes to serve every student entitled to transportation services. The Board shall approve the bus routes annually. The Superintendent is authorized to make any necessary changes in the approved route.
