

Mrs. Douglas' 4th Grade Social Studies & Science Distance Learning - Week of May 4th-8th

This week we are continuing to work on our Gifted Enrichment Restaurant Project that addresses your child's Gifted EP goals. Your child may choose to work on a unit of their choice in their Science book, if he/she wishes. The homeroom classes are addressing Plants and Animals in Florida, so that will cover their required Science for the week.

There are many pages in the restaurant project packet that are optional and below you will see the plan for the project that we are going to follow as well as the list of the pages that I would like them to complete. There are no due dates until May 18th. Children may recreate the items on the pages on other paper, so they do not have to be printed.

Pages to be completed by May 18th - Goal is at least 5/6 of the following:

1. "Design It and Name It: Outside View"
2. "Design It and Name It: Inside View"
3. "Shopping List"
4. "Restaurant Floor Plan"
5. "Menu"
6. "Ad"

These pages are also in this week's email and Teams post. I took out all pages that were optional to make it a little less overwhelming for some.

Gifted Enrichment Restaurant Project Timeline – Pacing Guide
